## TECHNICAL SKILLS

Multisim

AutoCAD

Arduino

MS Office

Canva

## SOFT SKILLS

- Team Work
- Problem Solving
- Critical Thinking

## LANGUAGES

Bengali

Native

English

Fluent

## CAREER OBJECTIVE

Future electronics engineer with a passion for smart systems and creative problem-solving. Currently building skills in circuit design, embedded programming, and technical communication at North South University.

## EDUCATION

**B.Sc. in Electrical & Electronics Engineering**

**North South University**

Dhaka, Bangladesh

2025 – 2029

2nd Year

**Higher Secondary Certificate (HSC)**

**Dhaka City College**

Dhaka Board

2024

GPA: 4.83 / 5.00

**Secondary School Certificate (SSC)**

**Faizur Rahman Ideal Institute**

Dhaka Board

2022

GPA: 5.00 / 5.00 ★

## ACADEMIC PROJECTS

### Electrical Circuit Design

Designed and simulated AC/DC circuits, filters and electronic components using Multisim.

### Basic Programming Projects

Built introductory programs covering data structures, algorithms and logic.

## EXTRACURRICULAR ACTIVITIES

- Participated in intra-university competitions including poster designing events at NSU.
- Demonstrated project showcasing experience during school, presenting technical work to peers and faculty.
- Strong personal interest in renewable energy systems, IoT and smart engineering.

## CORE COMPETENCIES

- Circuit Analysis & Simulation
- Embedded Systems (Arduino)
- Team Collaboration
- CAD Drafting (AutoCAD)
- Technical Documentation
- Analytical Thinking
